

“hen your right hand started trembling,
and you had to relearn how to write with
your left hand...when you had to come to terms with
the fact that you couldn't draw or paint anymore.
I knew it broke you, as you saw it as your only outlet
to proving that maybe you had some potential...
You thought being good at arts gave you value.”

Khalid continued.

“But you never blamed Allah,
You never blamed other distant family relatives
that had the same situation.
You never blamed friends or family that made fun
of you for something you did not ask for.”
